THE NEW YORKERS

How the city's hipsters are changing the way we live and work

It's a little past 11 a.m. on a Tuesday in the heart of Manhattan, and a group of young people are gathered in a small, dimly lit room. They are all dressed in casual, trendy clothing, and they are all looking at a small screen on the wall. The screen displays a video of a young man, who is speaking into a microphone. The young man is wearing a white t-shirt and a dark jacket, and he is looking directly at the camera. The young people in the room are all looking at the screen with interest, and some are taking notes on small pieces of paper.

The young man on the screen is a member of a group called "The New Yorkers," and he is speaking about the group's plans to start a new business. The group is made up of young people who are all from New York City, and they are all looking for ways to make their mark on the city. The young man on the screen is one of the most active members of the group, and he is always looking for new ways to get involved.

How to make your own...

1. Take a piece of paper and fold it in half. Then fold it in half again. This will create a square piece of paper.

2. Draw a picture of a flower on one side of the paper. Make sure the flower is centered and fits within the square.

3. Cut out the flower along the edges you have drawn. Be careful not to cut too close to the edges of the paper.

4. Unfold the paper. You now have a flower-shaped piece of paper. You can use this to make a flower chain or to decorate your notebook.

5. If you want to make a flower chain, you can string a string through the holes you have cut in the paper. Then you can hang the chain from a wall or a door.

6. If you want to use the flower to decorate your notebook, you can glue it to the cover or to a page. You can also use it to make a bookmark.

7. There are many other things you can do with this flower-shaped piece of paper. Get creative and see what you can come up with!

8. Remember, the most important thing is to have fun and be creative. So go ahead and make your own flower-shaped piece of paper!
